EXPERIENCE

CENTER FOR WELLNESS AND POSITIVE HEALTH, JAIPUR | WEBSITE DEVELOPER
Nov 2021 – Feb 2022 | Jaipur

- → Spearheaded the development and launch of the club's first website, addressing data growth challenges effectively.
- → Rigorously tested the site across various browsers and devices, ensuring cross-browser compatibility and mobile responsiveness.
- → Utilized industry standard product technologies, such as ReactJS, Bootstrap, and Material Icons.
- → Witnessed the website's rapid adoption, now serving over 2000 users in college.
- → Link: **https://cwph-lnmiit.vercel.app/**

PROJECTS

WORDLE CLONE | REACTJS, GAME DEVELOPMENT, CSS
Mar 2022 - Apr 2022

- → Revamped website design for a captivating frontend with gradient text effects.
- → Crafted and fine-tuned the game logic in React while considering data growth.
- → Link: **https://wordlepro.vercel.app/**

LINKEDIN CLONE | REACTJS, REDUX, FIREBASE, STYLED COMPONENTS
Nov 2021 - Jan 2022

- → Conceptualized and executed a LinkedIn Clone using ReactJS and Firebase.
- → Implemented the Post feature, enabling users to share text, images, and videos, contributing to data growth.
- → Integrated Google Sign-In for seamless authentication.
- → Ensured cross-browser compatibility and mobile responsiveness.
- → Link: **https://linkedin-clone-ls.web.app/**

IMAGE CRYPTOGRAPHY | PYTHON, STEGANOGRAPHY, ENCRYPTION, IMAGE PROCESSING
May 2021 - Jun 2022

- → Pioneered a custom algorithm to conceal secret text messages within images
- → Implemented an optional message security feature with AES-256 encryption.
- → Developed a fully terminal-based application for ease of use and secure data handling.
- → Github Link: **https://github.com/lakshits11/image-cryptography**

VS CODE THEMES | JSON, COLOR THEORY, UI/UX DESIGN
Ongoing Hobby Project

- → Actively designing custom VSCode themes to elevate the coding experience.
- → Engaging with the developer community to collect feedback and continuously refine themes, contributing to their widespread adoption and impact on data growth.
- → Achieved a significant milestone with over 20,000 installations of my themes on the VSCode Marketplace.
- → VSCode Marketplace Link: **https://marketplace.visualstudio.com/publishers/lakshits11**

SUMMARY

I'm a self-taught developer with a knack for creative design and a solid grasp of various programming languages and tools. I'm known for my reliability, effective time management, and a flair for collaboration, making me a valuable asset to any tech team.

ACHIEVEMENTS

- Recognized as an "ET Campus Coding Star."
- Consistently ranked as a top performer throughout school.
- Dedicated member of the college's vibrant Imagination Photography Club, passionately contributing to the world of photography.
- Judged photography competitions for junior students, showcasing leadership and expertise.

SKILLS

PROGRAMMING

- C++ • JavaScript
- Python • CSS • HTML
- MySQL

LIBRARIES/FRAMEWORKS

- React • Node.js

TOOLS/PLATFORMS

- Git • Firebase • Linux

EDUCATION

B. Tech Course
2019-23 | The LNM Institute of Information Technology

CGPA: 7.4 / 10

12th (Intermediate)

Percentage: 90.8 %
